

W I S C O N S I N
RENEWABLE
ENERGY SUMMIT

MARCH 12 – 14, 2008

Dr. John W. Anderson

SPEAKER BIOGRAPHY

Dr. John W. Anderson

Dr. John W. Anderson has a Ph.D. in Ecology and Systematics from Indiana State University and has been a chemistry and life sciences instructor at Mid-State Technical College, Wisconsin Rapids, Wisconsin since 1991. During his tenure at Mid-State he has been involved in several state-wide curriculum development efforts within the Wisconsin Technical College System. He, along with his colleague, Ron Zillmer, is leading the effort at Mid-State to develop five new associate degree programs in renewable energy and energy conservation.
