

SPEAKER BIOGRAPHY

Mike Hodges

Wisconsin Public Power Inc.

Track 6-Transportation Sector: Transit, Vehicles & PHEVs

Mike Hodges is the Residential and Renewable Energy Programs Coordinator for Wisconsin Public Power Inc. In this capacity he is responsible for helping the 49 municipal utilities that are part of the WPPI system with planning and implementing their Public Benefits and energy conservation programs. He is responsible for administering WPPI's green pricing program and has been active in exhibiting WPPI's plug-in hybrid electric vehicle (PHEV) fleet. Mr. Hodges has over 23 years of experience in the energy industry, including various positions at Wisconsin Power and Light Company and Wisconsin Energy Conservation Corporation, a nonprofit energy consulting company. He resides in Madison Wisconsin.
